

Original massing:

Solar Radiation Benefit: -11537

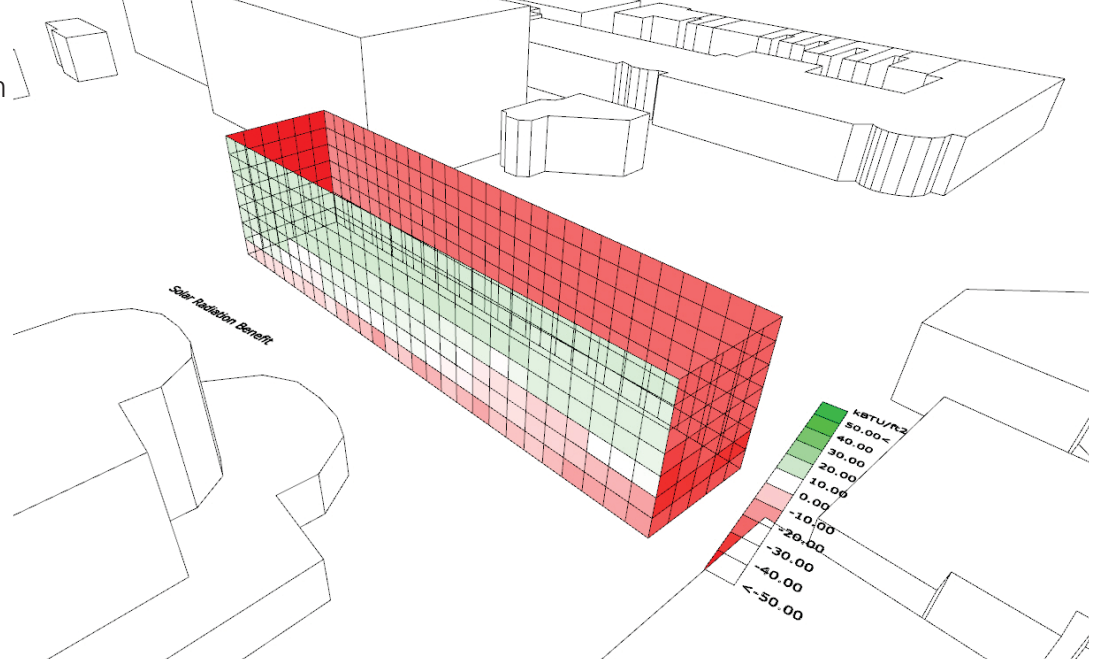

1st iteration:

(Maximize the area of facade with most solar radiation benefit)

Solar Radiation Benefit: -9071

Area: 17184.6 square feet

2nd iteration:

(Further maximize the area of facade with most solar radiation benefit by changing the geometry of roof)

Solar Radiation Benefit: -8620

Area: 17184.6 square feet
