

# Outdoor Comfort Calculation Assignment

Carla Bonilla

Location: School of Engineering, southwest corner

Shading design options:

Design Option 1  
Percentage of Comfortable Hours: 41%

Design Option 1  
Percentage of Comfortable Hours: 39%

Design Option 1  
Percentage of Comfortable Hours: 40%

Most of the discomfort is created by cold stress, so shading does not create a significant change in the overall comfort percentage. The highest percentage possible is 41%
